# Summary

I am a freelance .NET web developer with great technical expertise and unusual analytic skills. My insight into web as a platform and my understanding of user friendly applications makes me a very valuable asset to your web projects.

Specializing in Umbraco CMS for more than 9 years makes me an expert in this area. It also gives me a good understand of most other Content Management Systems.

I won't be offended if you tell me you think I have OCD. I am very passionate, almost perfectionistic , about my work. I actively help to lift the projects I am involved in and work independently, knowledgeable and focused.

Last but not least, I am well liked and respected among clients, colleagues and partners alike.

# Skills

A selection of the most relevant and important skills I have aquired during my time working as a professional web developer.

I have worked with Microsoft .NET my entire carreer, and specialized in implementation and development with Umbraco CMS as a platform. That makes me an excellent choice for any .NET based project.

| Skill | Level | Years of exp. |
|---|---|---|
| C#.NET, ASP.NET | 5 of 5 | 10+ |
| ASP.NET MVC, ASP.NET WebAPI | 4 of 5 | 4 |
| ADO.NET, MS SQL Server | 4 of 5 | 10+ |
| Umbraco CMS | 5 of 5 | 9 |
| HTML(5), CSS, SASS | 4 of 5 | 10+ |
| JavaScript, jQuery, AngularJS | 4 of 5 | 10+ |
